

Call for Session Proposals
New Mexico Association of Museums
2018 Annual Conference
Trailblazing: New Pathways for New Mexico Museums
Taos, New Mexico – October 24 – 27, 2018
Host Hotel – El Monte Sagrado Resort and Spa

This year's theme, *Trailblazing: New Pathways for New Mexico Museums*, is designed to inspire our exploration of how museums, historic sites, and cultural heritage centers in New Mexico can innovate and explore their roles in their communities as tourist destinations, economic engines, repositories of local histories, and centers of community life.

The 2018 Annual Conference Committee is seeking proposals for sessions that will engage and be relevant to seasoned and emerging professionals and dedicated volunteers in museums, archives and libraries, tourism, Main Street groups, chambers, and other civic organizations.

We encourage you to present sessions that show innovative yet practical, common-sense approaches to the age-old challenges of designing programs and successfully promoting institutions. Proposals on topics like creating and sustaining vital support networks or the innovative uses of both internal and external resources are especially relevant in these difficult financial times. How are you doing more with less? Or are you working smarter?

Sessions are 45 minutes long but may be proposed as double sessions.

The attached form asks you to provide the following information when submitting a proposal: your name and title, the name and address of your institution, your phone and email address. Please provide a session title and a brief description (1-2 paragraphs), along with a list of participants and their affiliation, the name of the session chair, and your A/V needs.

Complete the form and submit it by the deadline of June 1, 2018.

Send your session proposal as a PDF attachment to:

Davison Koenig, Program Chair
